

# R/V Maurice Ewing Data Reduction Summary

## EW9906 - Newport, Oregon - Yokohama, Japan

Transit

May 15 - May 19, 1999

### Port Dates

Date	Julian	Time	Port
5/5/1999	147	0400	Newport, OR
5/19/1999	164	2300	Yokohama, Japan

## Cruise Notes

This transit was run with no processing person on board. Therefore there was no hydrosweep collected.

Gravity data stopped after the first day due to a broken gyro.

Unfortunately, it also appears that much of the raw data has been lost; including sea temperature and weather data.
