September 13, 1974

TO: Otis Murray, Captain, R/V IDA GREEN
FROM: Dr. J. L. Worzel
SUBJECT: IDA GREEN - 12

- (1) You will depart Galveston on or about 1500, 18 September 1974 for a research cruise (primary multichannel operations) in the western Gulf of Mexico.

It is anticipated that you will make a port call on or about 4-7 October 1974 to reprovision and refuel.

The ship will return to Galveston on or about 20 October 1974.

- (2) Freeport Operations will provide the balance of the crew. They will be responsible for their own Mexican travel documents.
- (3) Contact Captain Ewing regarding an agent in Vera Cruz.
- (4) Dr. Joel S. Watkins will be Chief Scientist. He will be responsible for location of ship's tracks during the cruise and also for the scientific party.
- (5) You will have final authority in any matter involving the safe or legal operation of the ship or involving the safety of any personnel on the ship.
- (6) A plan of the proposed multichannel lines is attached.
