

Spreadsheet Name	Description
LIS2B_LISMaRC_2023_Diver_Imagery_Handheld_Pres.xlsx	Presence/absence of all taxa observed in hand-held diver images (190) from four sites taken in 2023
LIS2B_LISMaRC_2023_Diver_Imagery_Quad_Counts.xlsx	Count data used to derive percent cover from image analysis of 2023 quadropod images with tabs for sessile, mobile, algae, biogenic and bottom type
LIS2B_LISMaRC_2023_Diver_Imagery_Quad_Images_Analyzed.xlsx	Listing of all images taken from the four sites in 2023 with the quadropod indicating if they were analyzed or not
LIS2B_LISMaRC_2023_Diver_Imagery_Quad&Handheld_Presence_Summary.xlsx	Presence/absence summary of all taxa observed in the hand-held and quadropod diver images from four sites taken in 2023
LIS2B_LISMaRC_Historical_2023_Diver_Image_Log_Compiled_Presence_Site_Year.xlsx	Presence/absence of key taxa summarized by year and by site from both historical and recent diver images from 1975 to 2023
LIS2B_LISMaRC_Historical_Diver_Imagery_Analysis_AllTaxa_Presence.xlsx	Presence/absence of all taxa observed in historic hand-held diver images (271) analyzed
LIS2B_LISMaRC_Historical_Diver_Imagery_Photo&Log_Sites_KeyTaxa_Presence.xlsx	Summary of historic diver data derived from images analyzed and log books, including location and presence/absence data for the key taxa
LIS2B_LISMaRC_Historical_ROV_Presence.xlsx	Summary of historic ROV video including investigator, ROV used, location and presence/absence data for the key and other taxa
LIS2B_LISMaRC_Historical_ROV_Summary_Metadata.xlsx	Summary of historic ROV video information (metadata) and observations of DVD information used in the analysis of the videos
LIS2B_LISMaRC_Modern_Diver_Image_Log_Presence_KeyTaxa.xlsx	Summary of presence/absence data for key taxa derived from modern diver images for four sites in 2023
LIS2B_LISMaRC_PISSAH_Images_Analyzed_Summary.xlsx	Summary of the 2022 PISSAH video collected and the 624 images captured and the 235 images analyzed at each of the 18 sites visited
LIS2B_LISMaRC_PISSAH_Images_KeyTaxa_AllTaxa_Presence.xlsx	Presence/absence of key taxa and all taxa observed in the 2022 PISSAH images analyzed
